PUBLIC SERVICE  
COMMISSION

Kentucky Public Service Commission  
Mr. Thomas Dorman, Executive Director  
P. O. Box 615  
211 Sower Boulevard  
Frankfort, KY 40602-0615

December 3, 2003

2003-00360

Dear Mr. Dorman,

As I am sure you are aware, the community of Doe Valley Kentucky is in the process of trying to meet the water consumption needs of our community by expanding our water plant. As a homeowner and water consumer in Doe Valley, I am concerned that the actions contemplated by the Kentucky Public Service Commission may jeopardize the continued use of Doe Valley Lake as my community's source of drinking water. The continued use of this valuable natural resource as Doe Valley's source of drinking water is extremely important to my family and myself. An overwhelming majority of my fellow property owners have repeatedly expressed this same strongly held position to both of the Doe Valley Board of Directors, either directly or through formal surveys. Our proposed plan for our water plant expansion meets the needs of our community and has been approved by the Kentucky Division of Water. I hereby formally petition the Kentucky Public Service Commission to facilitate the Doe Valley community's continued use of Doe Valley Lake as our source of drinking water, by finding that Doe Valley Utilities Inc. may operate as a private entity independent of the Kentucky Public Service Commission's jurisdiction. Thank you for your time and please consider this petition.

Sincerely,

  
Robert R. Nunnelley Jr.
